Brandon Bridge over Des Plaines River in Joliet closed to traffic for emergency repairs

CHICAGO – The Illinois Department of Transportation announced today that Brandon Road Bridge over the Des Plaines River, in Joliet, is closed for emergency repairs. The closure is necessary to replace a mechanical component on the bridge that failed yesterday.

Motorists should cross the river at McDonough Street via U.S. 6, U.S. 52/Illinois 53 and Laraway Road. Signage will alert drivers at U.S. 6, immediately north of the bridge, as well as near Larkin Avenue on U.S. 6. To the south of the Brandon Road Bridge advance signs will alert motorists at Woodruff Road, Patterson Road, and Laraway Road. IDOT is working to get all traffic detours in place.

The evaluation of the necessary repairs is ongoing. A more definitive timeline for when the bridge can reopen will be announced later.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
